

ELEGANCE

CULINARY CLASS IN LUXURIOUS DESIGN

The Elegance cookware set excels with its combination of style, functionality, and durability. This set includes two frying pans of 24 cm and 28 cm, available in four trendy colors: pink, green, blue anthracite, and black. With a luxurious, retro matte finish, these pans look professional and elegant in any kitchen. Made from eco-friendly, recycled aluminum and equipped with a PFAS-free ceramic non-stick coating and ergonomic handles, this set offers an excellent cooking experience. Ideal for hobby chefs who want to serve delicious dishes and enjoy working with high-quality cookware. Suitable for all heat sources, including induction.

SUPERIOR HEAT DISTRIBUTION

The Elegance pans are made of thick forged aluminum, ensuring excellent heat distribution. They heat up quickly, allowing your dishes to be cooked evenly. This makes the pans ideal for both quick meals and slow-simmering dishes.

STYLISH AND FUNCTIONAL HANDLES

The handles of the Elegance pans are made of stainless steel with a champagne-colored PVD finish. These elegant and durable handles give the pans a luxurious look and ensure they are comfortable and safe to hold.

HEALTHY NON-STICK COATING

The pans feature a ceramic PFAS-free non-stick coating, allowing you to cook healthily without worries. This eco-friendly layer prevents food from sticking to the pan. You need less oil or butter, and cleaning after cooking becomes a breeze. Hand washing is recommended to prolong their lifespan.
