

FOREST

SUSTAINABLE TABLEWARE IN NATURAL COLOURS

Forest is a comprehensive and versatile range of earthenware plates, cups, bowls and cake dishes that bring the peace and space of the forest to your dining table. With the ecological Forest tableware, enjoy your favourite dishes and drinks in a warm, soothing atmosphere.

Forest's modern shapes, with their sophisticated raised edges, create a sense of space and openness on your table. With controlled green-grey tones, the Forest range offers a visually appealing presentation for a variety of dishes and culinary creations. Subtle details make each piece unique. Reactive glazing creates beautiful dark circular patterns on the bases. These patterns create a natural framing that directs attention to the centre of your dishes, making them even more appealing.

What makes Forest even greener is its focus on sustainability. The entire range is made with recycled pottery that would otherwise end up in a landfill.

SURPRISING CONTRASTS

The exterior of each piece is deliberately kept rough, with a matte finish providing a pleasing and tactile contrast to the soft polished interior. The subtle wood-coloured line at the top edge adds a touch of warmth and character to each piece.

FOCUS ON CONVENIENCE

Forest is not only visually appealing, but also highly functional. The stackable designs make storage easy, while the dishwasher-safe design ensures no hassle with washing up after your meal. Every detail has been thought through, featuring charming touches such as the unique spout shape of the milk jug.

BRING NATURE INDOORS

With Forest, you bring a natural and soothing atmosphere to your table. The colours evoke images of misty morning walks through the forest, where the scents and sounds of nature surround you. Whether you want to drink a delicious cup of coffee in a cosy mug, present a tasty cake on a cake platter, or share an array of snacks on beautiful plates and platters, Forest offers an experience that goes beyond just eating. The fact that the tableware is produced with recycled pottery gives it an extra natural touch.
