## RETRO TABLEWARE IN WARM TONES

Bring authenticity onto the table with this striking, Oriental-inspired Araki dinnerware set. The unique plates, bowls and platters in earthy colors bring a touch of retro to a contemporary design. Unique through reactive glazing and playing with texture and shape, they offer a full experience for any culinary enthusiast. The small dimples inside or outside catch the light and give an organic appeal to the set. Place a plate on the table and watch as your guests are immediately stimulated to touch it. Eating thus becomes an even more intense experience. The very extensive series opens up possibilities for various snacks and dishes. In addition to plates and beautiful cups, there are also various dishes, bowls, mugs and small presentation bowls to present all the goodies perfectly.

### EARTH TONES AND FEEL

The beautiful dimpled plates of the Araki series give any table a cozy look and feel. With light shades in earth colors, they exude tranquility and solidity. Each plate has an appropriate yet unique appearance due to the reactions of the glaze in the kiln.

### AMPLE CHOICE

Combine round and rectangular plates or use the small plates and bowls to quickly create an authentic atmosphere at the table. Bowls, cups and mugs offer additional options.

### MODERN YET AUTHENTIC

With Araki, you bring tableware into your home that stands out. Where most plates and bowls are quite flat, the dimpled edges of this dinnerware give something completely new. Together with the brown tones, these polka dot shapes bring a cheerful 70's retro feel to your table.
