## SYMBIOSIS OF COLOURS AND SUBTLE TEXTURES

This delightful stoneware dinnerware set owes its name to the small Portuguese fairylike town of Sintra which is renowned for its whirling sources. This fascinating swirling pattern is also reflected in the dinner plates and deep plates that come as part of this set. Sintra is made in Europe. The quirky finish is the result of the reactive glazing process, which gives the minerals that are released when the plates are fired at high temperatures free rein, thereby breathing life into this unique pattern.

The end result is a harmonic melding of hues and subtle textures that lend colour and atmosphere to your dinner table. Characterful, oozing colour and suited for any home interior.

Great for a relaxing evening with friends, a summertime barbecue as well as brasseries and restaurants, this dinnerware set will grace any setting.

Sintra is available in 3 colours:

**Ivy Green** with a refreshing, olive green touch

**Terracotta** with those typical, warm earthy tones

**Dusty Blue**, a subtle mixture of warm grey and ocean blue that works.

Each of these colour versions are separately available, but also work a treat on any dinner table when combined. Perfect for bringing the colour palette to life and lending any occasion that added touch of je ne sais quoi.
