MAGIC GREEN TABLEWARE

The Jade stoneware dinnerware combines the timeless beauty of soothing green hues with functional design. Inspired by the precious jade stone, sought after for its protective power and harmonious energy, this tableware brings a sense of balance and equilibrium to your table.

With a deep green reactive glaze, each piece in the Jade collection has an almost magical appearance. The glossy finish brings reflections to life and creates a captivating depth and play of light. The shades vary subtly, from soft milky green to deep and intense dark green, just like the many facets of real jade.

SUBTLE NUANCES

The glaze adds an intriguing marble-like effect, making each item a unique work of art. The evolution of colours, led by darker shades of green, gives the Jade tableware pieces a deep, soothing look. The subtle ochre brown hue on the edges of plates and cups adds a surprising touch of freshness and provides a captivating contrast to the greenery.

CLEAN LINES

The design of the Jade tableware has been deliberately kept simple, with clean lines that blend seamlessly with any table setting. The generous plate surface and slight raised rim are ideal for creative presentations. The large ears on cups and bowls add some playfulness and contribute to ease of use. Thanks to the design, the components work effortlessly together for an attractive table setting.

STRENGTH AND SERENITY

The collection includes not only plates, bowls and cups, but also practical soup bowls and cosy large mugs with or without an handle. Start the day with a hot cup of coffee, cradled in your hands, while musing at the shades of green. Jade tableware invites you to experience a moment of serenity, surrounded by the naturally calming power of greens.
