**MOUTH BLOWN, RECYCLED GLASS**

Cosy&Trendy's Reverre series is certain to be a showpiece on your table whilst instantly giving you that sultry summer feeling. These gorgeous glasses and matching carafe are mouth-blown and hand-crafted from recycled glass.

The Reverre series is perfectly in keeping with the cradle to cradle philosophy. Bottle bank-sourced glass is melted to produce a new raw material from which this authentic Reverre series and various other Cosy&Trendy products are made.

These sustainable glasses are the culmination of pure and unadulterated artisanship, producing some wonderfully organic shapes. Every single glass is a masterpiece in its own right, which is why the shape, colour and thickness may slightly vary from one item to the next.

## **REVERRE GLASSES**

These delightful glasses are ideal for serving your chilled summer drinks and go in the dishwasher. They come in 3 different styles to match any home interior: rustic, modern and classic.

## **REVERRE PITCHER**

The stylish 1 litre carafe is perfect for serving chilled drinks around the table and every bit as convenient for storing home-made refreshments or infused water in your fridge.
