

# TORUS

## SURROUND FOOD WITH LOVE

Serve delicious food on the captivating, doughnut-shaped plates in the Torus range. Their striking, rounded edges and raised surface draw curious looks everywhere. With a curved shape and soft colours, they are perfect presentation dishes. The wide edges that curve all the way back inwards really catch the eye. The result is a doughnut shape in which you can present your special dish or delicious dessert in style. And the range makes appetisers, nuts or finger food all look their best as well.

Torus is available in two colours. Light, blue-green Tundra is reminiscent of green-speckled, snowy landscapes whilst the fresh Cove has hints of ocean blue around a sea of white.

### REACTIVE GLAZE

A reactive glaze creates the unique colour variations that give this dinnerware its beautiful range of hues and a distinctive character.

### HOLLOW UNDERSIDE

The Torus plates have a unique shape. The wide edges are hollow and curve all the way around to stand firmly on the table. This makes them lighter than you would think.

### STACKABLE

The four sizes of the Torus range (16, 20, 24 and 28 cm in diameter) are easy to stack for tidying away after use.
